

ELECTRICAL SAFETY INSPECTION

866-488-4300

MAIN ELECTRICAL PANEL

Manufacturer: _____ Approx. age: _____

Ampere rating: _____

- Are breakers UL listed for the panel? Yes No
- Are breakers/fuses sized correctly? Yes No
- Is the panel protected by a main breaker? Yes No
- Is main breaker sized correctly? Yes No
- Are the GFI breakers working correctly? Yes No
- Any burning/corrosion on breakers/busbar? Yes No
- Are all connections tight? Yes No
- Is there anti-oxidant on all aluminum wires? Yes No
- Is the grounding done correctly? Yes No
- Is there a main surge suppression device? Yes No

SECONDARY ELECTRICAL PANEL

Manufacturer: _____ Approx. age: _____

Ampere rating: _____

- Are breakers UL listed for the panel? Yes No
- Are breakers/fuses sized correctly? Yes No
- Is the panel protected by a main breaker? Yes No
- Is main breaker sized correctly? Yes No
- Are the GFI breakers working correctly? Yes No
- Any burning/corrosion on breakers/busbar? Yes No
- Are all connections tight? Yes No
- Is there anti-oxidant on all aluminum wires? Yes No
- Is the grounding done correctly? Yes No
- Is there a main surge suppression device? Yes No

OVERALL SAFETY RATING: Safe Risk Hazard

METER BOX & MAIN SERVICE CABLING

- Is there a main disconnect switch? Yes No
- Are all connections tight? Yes No
- Is there anti-oxidant on all aluminum wires? Yes No
- Is the eyebolt okay? Yes No
- Is the weatherhead okay? Yes No
- Are main utility connections okay? Yes No
- Is the grounding correct? Yes No

OVERALL SAFETY RATING: Safe Risk Hazard

Notes: _____
